Have you ever been suspended, asked to resign, or terminated by a training program or practicum site? YES NO

If yes, please explain:

Please answer the following questions using the space provided.

1) What interests you about counseling work within a university context?

2) What have you learned about yourself in graduate school? What feedback have you received in previous practicum experiences about your strengths and growth edges?

3) What would be your goals/objectives while training at the Texas A&M Student Counseling Service?

4) What psychological theory or theories resonate with you and why?

5) How do you maximize your experience in clinical supervision? What qualities characterize effective supervisors?

6) How would you describe the significance of culture in clinical work?
